

Care Homes Beech House

Our care homes provide accommodation and 24 hour care and support to adults with specialist needs

Beech House

About New Outlook

New Outlook has been providing services to visually impaired people for over 170 years. Starting out in 1846 as part of the Birmingham Royal Institute for the Blind (BRIB), we became a standalone housing association in 1997.

Since then, we have gone through several changes to become what we are today – a professional, reliable and committed provider that strives to promote personalised services to support independent living for people with sensory or specialist needs.

What is a Care Home?

Our care homes offer high quality accommodation with 24 hour care and support to adults with sensory impairments, acquired brain injury, learning disabilities and other specialist needs. All of our homes are registered and inspected by the CQC.

Beech House in Erdington is a large, detached, period house with six en-suite bedrooms, communal space and a spacious, private garden. It strives to create a caring and family-like environment and residents are encouraged to bring their own bedroom furnishings and possessions to make it their own.

Facilities include:

- Six single en-suite bedrooms
- Optional private phone line
- Care call systems for constant support within bedrooms

All areas are fully accessible for individuals with a visual impairment or physical disability. A variety of route recognition aids are situated around the scheme; with wide hallways and doorways, contrasting décor and flooring and guide rails.

The communal area and spacious grounds offer:

- Accessible kitchen
- Lounge
- Conservatory/dining area
- Assisted bathroom
- Sensory room
- Laundry room
- Lift to all floors
- Accessible enclosed garden

I like living at Beech House and I can get peace and quiet when I need it. I go to my room where I like to listen to the Dubliners

David, resident at Beech House

Our services

Care Partners

Residents at Beech House are supported by our specialist team who work alongside them to put together a person centred support plan to ensure they can be as independent as possible.

Residents requiring care are considered 'care partners' and are encouraged to take control of their own care with the help of care givers.

I like it here at Beech House, I like to talk and listen to music. And I enjoy the Barbeque in the garden, we have sausages and burgers

Robert, a resident at Beech House

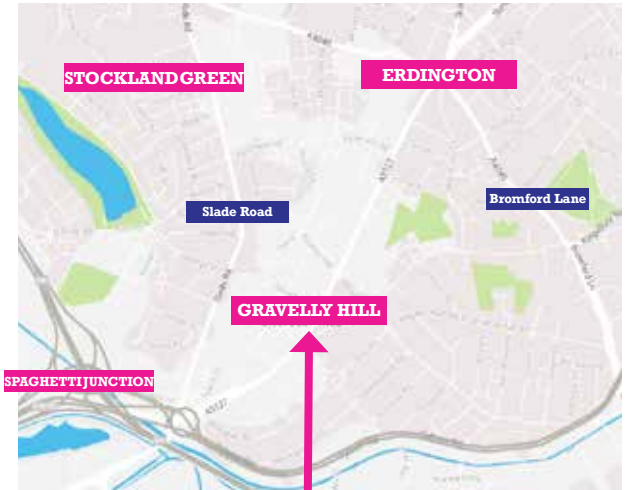

Social and community

Erdington is a thriving bustling suburb in the north of Birmingham. The scheme is close to the town centre with supermarket, market and a range of shops and leisure facilities. There is also a Post Office and doctor's surgery close by. There are excellent public transport networks to the local area and Birmingham City Centre.

Payment and access

Referrals are made by your local Social Services department following an assessment of your needs. The cost of the placement will usually be met by Social Services although they may ask you to contribute to some of the costs.
